

SERVING THE **SOCIAL** HOUSING SECTOR

VPS are proud to help secure social housing stock and portfolios. We work hard to provide cost effective solutions that allow for fast turnaround of properties whilst mitigating risk.

OUR **THREE MAIN AREAS OF EXPERTISE** FOR SOCIAL HOUSING ARE:

**STEEL
SCREENS**

**MONITORED
ALARMS**

**CLEAN
& CLEAR**

RAPID DEPLOYMENT – NATIONWIDE COVERAGE

With more depots, increased stock, and ongoing investment in our teams, VPS now offers industry-leading **same-day** or **next-day deployment**. Get security in place exactly when it's needed.

VPS operates 14 strategically located depots, ensuring fast response and local support across the UK. Our teams provide tailored, on-site solutions quickly and efficiently.

Specialist Steel Installation

We supply and install both standard and custom steel coverings within hours. Our skilled teams use tamper-proof screws and non-damaging methods, including de-glazing, to secure sites without harming property.

Integrated Security Solutions – Steel & Smart Hub +

By combining steel screening and Smart Hub+ technology, we offer complete site protection. The system detects fire, flood, and motion, triggering rapid response via our Alarm Receiving Centre. This provides:

- Visual Verification
- 24/7 Monitoring
- Complete Protection

Clean & Clear Services – Nationwide

Our teams provide property clearance services including:

- Hazardous waste & fly tipping removal
- Rubbish, rubble & fixture removal
- Cleaning after squatters or trespassers
- Bodily fluid & needle sweep
- Garden maintenance
